

City of Boulder Open Space and Mountain Parks Herbarium Volunteer Position Description

Qualifications

- * Desire to work with and learn about plants
- * Comfortable working both in and out doors
- * Able to carry light equipment while hiking
- * Willing to enter data into the computer
- * Dependable

Responsibilities may include:

1. Collecting plant specimens
2. Cataloguing plant species for the herbarium
3. Monitoring plant communities
4. Logging herbarium samples in the database
5. Assisting with field research
6. Identifying noxious weeds on OSMP lands
7. Inventory plants on new properties

Commitment

Volunteers must commit to three to four hours on Thursday mornings throughout the year. Training will be provided by herbarium volunteers, with guidance from the Plant Ecologist Lynn Riedel and Forest Ecologist Chris Wanner.

For more information call 720-564-2014.
